## PROVEN MINERAL TECHNOLOGY

Natural minerals, such as silver and copper, have been used for thousands of years to effectively control bacteria, algae, and other harmful contaminants. Nature<sup>2</sup> brings the benefits of these proven elemental ingredients to create cleaner, clearer pool water while reducing the potential for common discomforts and unpleasant odors.

## CLEANER WATER, LESS HASSLE

Nature<sup>2</sup> is a simple and effective pool sanitizing solution. In conjunction with your pool's filtration system, it automatically delivers bacteria- and algae-fighting minerals to provide more balanced pH, better alkalinity levels, and overall cleaner, more comfortable pool water with less hassle.

*No stain guarantee!*

## SMART SANITIZING SYSTEM

Because of Nature<sup>2</sup>'s powerful bacteria-fighting properties, your pool will require less chlorine — up to 50% less! And, with its Controlled Release Technology (CRT), Nature<sup>2</sup> automatically dispenses the right amount of mineral ions into your pool water for continuous sanitizing and healthier pH levels. That means Nature<sup>2</sup> keeps working even when chlorine has been depleted.

## PREMIUM DELIVERY SYSTEMS

### Fusion soft

#### Saltwater Chlorinator + Nature<sup>2</sup> System

Power pack sold separately, also works with existing AquaPure® systems.

Get the total mineral solution with Fusion Soft, a robust saltwater chlorinator that combines the proven benefits of Nature<sup>2</sup> for the ultimate swimming experience with virtually zero maintenance. Nature<sup>2</sup> is the perfect supplement for salt systems. It helps maintain pH levels for the best water quality, while reducing wear and tear on the salt cell. This all-in-one system automatically generates sanitizer from ordinary salt, so you'll never have to buy or use traditional chlorine again.

- For inground pools up to 40,000 gallons
- Commercial-grade

### Fusion inground

#### Chlorine Tablet Feeder + Nature<sup>2</sup> System
